

Training Partnership Proposal

Frontend Web Development Summer Bootcamp

Submitted by: Christabel Christopher

Submitted to: Legendville Primary & Secondary School

Executive Summary

Proposal for a 6-week frontend bootcamp for JSS/SSS students.

Objectives

Develop digital skills using HTML, CSS and JavaScript through practical learning.

Programme

2–3 classes weekly, 2 hours each, culminating in a final project showcase.

School Responsibilities

Provide venue, computers where available, electricity, projector, student registration and supervision.

Instructor Responsibilities

Prepare lessons, teach, assess, mentor students and provide progress updates.

Commercial Proposal

Fee, payment schedule, transport support (if applicable), class size and dates to be mutually agreed.

Terms & Conditions

Schedule changes should be communicated in advance. Payments should follow the agreed schedule. Students are expected to attend regularly. Teaching materials remain the instructor's intellectual property unless otherwise agreed. Both parties should maintain professionalism throughout the programme.
